The Rhythm Signal Music Education Fundraiser Program

Rhythm Signal Records and Productions is a record label created by two former College music majors who were also Jr. High and High School band members. Now they would like to help out the music programs that helped them become who they are today.

The Rhythm Signal Music Education FundRaiser Program

How The Program Works

Set the date and the desired event will be professionally recorded.

The recorded material is then mixed and mastered to produce a high quality cd with a professional appearance for your school and music programs to sell.

What Are The Benefits Of The Program?

--The cds belong to the music program or school and can be sold year round.

--You set the price. With the average cd price, the overall profit for your organization is much greater than most product selling fundraisers.

--We will process smaller quantity orders. Very few cd replicating companies process orders below 300 discs.

--Rhythm Signal Records keeps a master copy of each recording, enabling customers to reorder at any time.

--With our fundraiser program price, your recording costs are 70% less than the average studio's recording rate!

--And keep in mind that the cds will create memories for the school, students, and family members which last a lifetime.
